

## CUHC Vs. COVID

### Trip Guidelines

1. We won't begin trips until September 12th weekend. (Or later, officer trip may conflict)
2. The first three weekends should be only local hikes that do not require vehicles.
3. Masks are required when meeting up, when driving, and on trails when passing others.
4. Limit trips to **9** people max.
5. Limit vehicles to 3 people max. This means for an 8-person trip we need 3 vehicles. When possible, those in the same household drive together.
6. Request as many drivers as possible. - Need to find a carbon offset program.
7. Sanitizing wipes and masks provided by the club. (Ask they bring their own masks)
8. Trip emails/responses should include standard COVID questions.

### Office hours/ Gear Rental

1. Office Hours will be held virtually
2. If members need to check out gear for our trips, there will be a time where they can ask for that specific item via a google form or through trip submission emails.
3. Once gear has been used, it must be quarantined for **1 week** before it can be checked out again.
4. Gear rental is limited to **CLUB TRIPS ONLY**

<b>Gear</b>	<b>Rentable vs. Not</b>	<b>COVID Procedures</b>
